- Minimum charge for this service is 2 persons per service;
- Payment should be settled in advance;
- Any cancellation and/or no-show will be non-refundable.

All rates in this quotation are for Bali use only

Standard Process For Arrival Assistance Service

The service will start at the moment guest(s) emerging from the plane as follows:

1. Guest(s) upon emerging from the airplanes will be greeted by our Airport Representative at the end of an Avio-bridge (where the aircraft parks adjacent to the terminal via Avio-bridge); or the guest(s) will be greeted upon entering a glass door after being dropped by a bus (where the aircraft parks in the remote area which is far away from the terminal building and the guest(s) will be using Airlines Bus to get to the terminal building).

2. Our Airport Representative will be holding an A4-sized signboard with guest's name(s). Please inform the guest(s) to look for our Airport Representative and approach him and/or her and be ready to be assisted.

3. After meeting with our Airport Representative, guest(s) will be escorted to the immigration counter for immigration clearance (passport scanning and passport stamp). Due to the government regulations, this immigration process has to be done by the guest(s) themselves.

4. When the process at the immigration counter is completed, guest(s) will be escorted to the baggage claim area. Our Airport Representative will help finding the baggage(s) and assist on collecting your guest's baggage(s).

5. After all the baggage(s) are collected, guest(s) will be escorted to the customs area for X-Ray Scanning on the baggage(s). Our Airport Representative will assist with the baggage scanning. Sometimes the customs representatives will conduct random check on the passengers. We cannot avoid and/or refuse the process.

6. After the customs clearance is completed, guest(s) will be escorted to the exit from International Arrival Terminal Building and meet with guest(s) car pickup. Before exiting the building, our Airport Representative will contact guest's driver and inform them about the meeting point.

7. Our Airport Representative will escort guest(s) to the agreed meeting point and hand over the guest(s) to their driver of the car pick-up service.

Standard Process For Arrival Assistance Service

Our Airport Representative will be waiting for you at the end of Avio-Bridge holding a paging board with your name on it.

This photo is taken from the inside of the Avio-Bridge to show you where our Airport Representative will be waiting for you. Our Airport Representatives' uniform is a purplish jacket and/or a white shirt with purple strips.

This is the paging board our Airport Representative will be holding while waiting for you at the Avio-Bridge. When you see this paging board, please approach our Airport Representative and confirm that is your name on the paging board.
